

App. No. 10/706,234  
Attorney Docket 3055.2.1 NP

### **Amendments to the Claims**

1. (Currently Amended) A system for providing automated check-in and check-out for a user needing rental space, comprising:

an electronic system including a kiosk, wherein the kiosk is configured to:

provide information regarding the rental space available for rental;

provide the user with a way to select desired information; and

provide for entry of data needed to use the rental space; and

enable the user to utilize the rental space upon satisfaction of rental

requirements;

an identification tag including account identifying information; and

a sensor configured to read the account identifying information.

2. (Previously Presented) The system of claim 1, wherein the kiosk is accessible via the internet.

3. (Previously Presented) The system of claim 1, wherein the kiosk provides a location map for the user to find the desired rental space.

4. (Previously Presented) The system of claim 3, wherein the kiosk provides a picture of each rental space and that of related surrounding scenery.

5. (Previously Presented) The system of claim 1, wherein the rental space comprises an RV rental space.
